

It's never been easier TO GET VACCINATED!

COVID-19 Vaccine is free and available to anyone 12 and older!

- Vaccines are available at hundreds of different locations across LA County including clinics, pharmacies, worksites, schools, places of worship, metro stations, and parks. No appointment is needed at many locations.
- Free transportation is available to and from some vaccination sites. People who cannot leave their homes can request in-home vaccination.

Health insurance is not required. You do not need to be a US citizen and you will not be asked about immigration status.

2 Easy Ways to Get Vaccinated in Los Angeles County:

You and your loved ones can make an appointment or find locations where you don't need an appointment:

1. Visit **VaccinateLACounty.com** and Click on "How to Get Vaccinated". Use the search feature to find a location, see which types of vaccines are offered, and much more.

OR

2. Call the **Vaccine Call Center** at **833-540-0473**. The phone line is open daily from 8am to 8:30 pm. Transportation or home visits can be requested here.

You can also call 2-1-1 which is open 24/7 and has information in many languages.

For Persons 12 -17, Pfizer is only available vaccine.

People under age 12 cannot get vaccinated at this time.

- At sites run by **Public Health**, minors need consent from a parent or guardian and everyone needs to bring proof of age (*does not have to be government issued ID*).
- For sites run by other organizations, be sure to check parent/guardian consent and other requirements for that location.
