Agenda Item	Discussion	Action	Lead(s)
Welcome	Welcome and thank you to everyone who participated in this month’s meeting. We hope to see you at many more CAP meetings!	Introductions	Cheryl
OVP Community Townhall Meeting	The Office of Violence Prevention (OVP) is planning to expand TPI services to communities in Supervisorial District (SD1) and possibly SD3. Hospital Based Violence Intervention (HBVI) may also be expanding to 4-5 Trauma Centers in LA County. The Townhall meeting was held April 27 th from 6-8pm and presented not only TPI but the outreach contractors who work in the community. CAP members voiced that going back to “normal” after COVID is not so simple. The unfortunate realities of the pandemic need to be acknowledged and addressed. Mental health and Employment services are key components to healing from the pandemic.	Information sharing	Keith
Community Safety / Intervention Work	SEA – Community of WWA & nearby areas have been facing large increase in violence. Intervention Workers echoed their concerns for their own safety, but still feel very motivated to continue their work. Recent events at Hellen Keller Park have resulted into a meeting to be held between Parks & Recreation, Law Enforcement, and Dept of Public Health. People for Mobility Justice – This is black and indigenous lead group that is planning to hold bicycle safety courses for the WWA Community. Community Walks and Bicycle Rides are also planned for the future. For more information, please contact Maryann at maryann@mobilityjustice.org , Alexis Lantz at alantz@ph.lacounty.gov , or Thomson Dryjanski at Thomson@estolanoadvisors.com .	Information sharing	Twin & Alexis Lantz
